

UVision Appoints Major General (Res.) Avi Mizrachi as new CEO

April 17, 2019 - UVision Air Ltd. - a global pioneer of lethal loitering systems suitable for a wide variety of missions, announces the appointment of Major General (Res.) Avi Mizrachi as its new CEO, replacing Mr. Noam Levitt, who led the company since 2015.

UVision's Chairman Mr. Yair Ramati, commented: "We congratulate M.G. Mizrachi on this appointment. M.G. Mizrachi takes on this leadership role during a period of growth and expansion of the company, and we have full trust in his ability to continue this momentum and lead the company to further technological and business successes.

M.G. Mizrachi joins UVision after a 35 years of service in the Israel Defense Forces , in which he held a number of senior positions, including the Head of the Logistics Directorate, the Chief of the Ground Forces, and the Head of the IDF Central Command. After his retirement from the IDF, he served as EVP of International Marketing at Elbit Systems.

"We would like to thank Noam Levitt for his excellent leadership for the past four years, during which time UVision has shown significant growth and has become one of the leading companies in the loitering munition field. We wish Noam well and much success in his future endeavors".

About UVision

UVision designs, develops and manufactures innovative, cost-effective, lethal aerial loitering systems for customers worldwide. With cutting-edge technology and 30 years of extensive field experience by a professional management team culled from leading Israeli defense companies, UVision delivers highly innovative loitering systems based on unique aerodynamic platform configurations. These solutions are tailored for particular flight qualities, advanced airborne guidance and navigation systems, precision attack munitions, and command and control stations fully integrated with communication links. UVision's operations are ISO 9001:2000 certified for Research & Development, Production, UAV Services, Aviation Quality Composite Material Production, and UAV flight services.
